Ghaziabad, India | +91 9871805393 | sarthakjuneja1999@gmail.com | LinkedIn

Education & Certifications

BITS Pilani

B.E. (Hons.) Electrical & Electronics Engineering, Minor in Finance

Pilani, Rajasthan

2022 – 2027

CFA Institute

Passed CFA Level I and Level II

Experience

Campus Fund

Aug 2025 – Present

Investment Associate

- Evaluated 100+ early-stage startups across fintech, SaaS, and deeptech/AI sectors; led founder technical diligence, market mapping, and competitive moat benchmarking.
- Co-authored the latest edition of *State of Student Entrepreneurship in India*, flagship report published by campus fund for its LPs and aspiring founders, structuring datasets to map ecosystem venture velocity, talent distribution, and pipeline funding trends.
- Volunteered and helped organize the annual **AWS × Campus Fund Grand Challenge**, managing multi-stakeholder operations to surface, benchmark, and accelerate top-tier technical student teams nationally.
- Presented key investment opportunities to the IC; supported deal structuring and operational deployment execution for an INR 9 Cr pre-seed portfolio company round.

PredictRAM

Jan 2025 – Mar 2025

Financial Analyst Intern

- Authored macroeconomic and structural sector research reports integrated directly into the firm's LLM-driven prediction/forecasting pipeline, enhancing model-driven asset allocation outputs.
- Analyzed asset-class performance under variable economic cycles, generating data insights adopted by monthly advisory briefs.

Valvoline Cummins Pvt. Ltd.

Jun 2024 – Jul 2024

Data Scientist Intern

Gurgaon, India

- Developed an internal depot-level SKU demand forecasting model using Python, optimizing inventory planning precision by 10% across 20+ core national distribution locations.

Founder & Technical Build Experience

FaithTech Platform | Founder, Product & Engineering

- Designed and shipped an early-stage consumer application from ideation through architecture; launched private beta, scale-testing to **200+ active users and 10+ paid conversions**.
- Engineered a proprietary, novel voice-infrastructure suite integrating custom text-to-speech (TTS), speech-to-text (STT), and an intelligent AI orchestration layer to power low-latency content generation.
- Iterating rapidly on product-market-fit metrics through continuous customer discovery, data logging, and structural optimization to ensure sustainable cloud compute overhead and highly scalable unit economics.

Leadership & Campus Activities

Oasis — BITS Pilani Cultural Fest

Apr 2024 – Nov 2024

Head of Media Relations

- Led public outreach and corporate relationship strategies, securing 30+ media partnerships and driving a 3× increase in national press coverage.
- Negotiated critical barter agreements and commercial sponsorships, generating over INR 5 lakh in direct marketing cost savings.

Enactus BITS Pilani

Jan 2023 – Nov 2024

Business Development Volunteer

- Formulated financial modeling frameworks, unit economics sizing, and go-to-market strategies for incubated social impact ventures.

Skills & Ecosystem Access

Ecosystem Moat: Deeply active in founder networks; secured exclusive, invitation-only access to premier tech and builder events including **South Park Commons (SPC)**, **Google for Startups**, and **AWS ecosystem summits**.

Venture Analysis: Technical Due Diligence, Market Mapping, Competitor Benchmarking, Early-Stage Cap Table Dynamics, Financial Modeling (DCF, LBO)

Technical Infrastructure: Python (NumPy, pandas), AI/LLM Orchestration, Voice API Integration, SQL, Excel, Power BI

Foundations & Credentials: CFA Program (Passed Level I & Level II), Unit Economics Optimization, Statistics
